

Listening Comprehension

Listening comprehension is conducted simultaneously for both junior (9-12 years old) and senior (13-18 years old) categories.

In this category, male and female contestants compete together.

Contestant, who is late for the start of the event, will not be permitted to participate in it.

Listening comprehension is conducted in English language.

Before contestants listen to the text, teacher should give instruction, giving advice on organizational issues and motivation to the student. Instruction includes the title of the task, explanation of the ways of its completion, help with difficulties, and indication how it will be scored.

After a teacher reads the text two times, contestants are to answer questions following the text.

Contestant in this category is answering questions in the special answer sheet, which is given beforehand to each contestant.

The number of correct answers he/she gives determines the winner in this category. If the score is the same, they may have a tie in this category.
